During the year, we may take photographs and videos of services, classes, workshops and events at Unity in Frederick and offsite where we are active in the community. We enjoy posting these pictures in our flyers, our newsletters and on our website. By signing below, you will provide your consent to have photographs of you and your child or children to be displayed to the public in photograph, video and electronic form without compensation. Please note some names may be used; i.e. in service when children are called on to present what was learned in Sunday School or in performances such as the Christmas productions (Pageants or Concerts) or the Spirit Camps. Your permission can be withdrawn at any time, but historic photographs and videos will not be removed from prior publications.
